Index of Subjects

Volume 5, 1989

Abdomen, sonography prior to retrograde cholangiopancreatography, predictive value, 105
Abscess, intrahepatic, in liver transplant rejection (case report), 62
Abstract review, 25, 80, 137, 198, 201, 270, 344
Adenomyomatosis, sonography review, 7
Aorta, dissection, echocardiographic diagnosis, 255
Appendicitis, sonography review, 57
Arteriovenous malformation, intracranial, in infants, two-dimensional and Doppler evaluation, 330
Artifacts (Physics Refresher), 77, 197, 343

Biophysical profiles, 261
Book reviews
Pocket Guide to Ultrasound Measurements, 79

Carcinoma *See also specific forms of carcinoma*
prostate, transrectal ultrasound, 1
renal, with vena cava involvement, duplex sonography and Doppler evaluation (case report), 126
Cholangiopancreatography, retrograde, predictive value of abdominal sonography prior to, 105
Cleft palate and lip, prenatal sonographic detection, 309
Color flow imaging, in assessment of tricuspid regurgitation, 302
Computers, fundamentals in diagnostic imaging, 293
Cyst, choledochal, in trimester fetus (case report), 10
Cystadenoma, pancreatic, unique sonographic appearance (case report), 252

Diagnostic challenge
calcified fibroids, 65
Digital imaging, computer fundamentals, 293
Doppler analysis
continuous wave, in assessment of tricuspid regurgitation, 302
of intracranial arteriovenous malformation in infants, 330
of renal cell carcinoma with vena cava involvement, (case report), 126

Echocardiography
aortic dissection, 255
transesophageal
in endocarditis (case report), 322
identification of intracardiac (case report), 258
introduction for ultrasonographers, 316
leiomyomatosis, 258
two-dimensional in assessment of tricuspid regurgitation, 302
Education
equation interpretation, 72
ultrasound programs, 19
underwriting, 131
Endocarditis, transesophageal echocardiography in (case report), 322
Ethics, and advanced technology, 66
Equations, interpretation of, 72

Fetus
choledochal cyst in (case report), 10
cleft palate and lip, sonographic detection, 309
heart rate and gender, sonographic correlation, 49
obstructive uropathy, atypical presentation (case report), 12
trimester, choledochal cyst in (case report), 10

Gallbladder, sonography review, 7
Gland, parotid, sonography of, 109
Gottesfeld Awards, winners, 154
Grenada, ultrasound in (editorial), 291

Heart, *See also specific entries*
aortic dissection, echocardiographic diagnosis, 255
intracardiac leiomyomatosis, transesophageal echocardiographic identification (case report), 258
tricuspid regurgitation, two-dimensional echocardiography, color flow imaging, and contrast enhanced continuous wave Doppler assessment, 302
Image processing, digital, in diagnostic ultrasound, 231
Infants, with intracranial arteriovenous malformation, two-dimensional and Doppler evaluation, 330

Kidney, carcinoma with vena cava involvement, duplex sonography and Doppler evaluation (case report), 126

Law, risk management
cases and outcomess, 248
legal definitions, 54
Leiomyomatosis, intracardiac, transesophageal echocardiographic identification (case report), 258
Leukocoria, ultrasound evaluation, 116
Liver, abscess in transplant rejection (case report), 62

Neural tube defects, sonography of, 241

Pancreas
cystadenoma, sonographic appearance (case report), 252
predictive value of abdominal sonography prior to retrograde cholangiopancreatography, 105
Parotid gland, sonography of, 109
Patients, treating with patience, 16
Prostate, transrectal ultrasound of, 1
Pyelonephritis, emphysematous (case report), 325

Risk management
cases and outcomes, 248
legal definitions, 54

Signal processing, in diagnostic ultrasound, 231
Sonographers
in Australia, 167
in Canada, 169
in Japan, 173
licensure, mandatory (editorial), 191, 192
in United States, 177
Second World Congress (keynote address), 163

Sonography trends
in Australia, 179
in Canada, 181
in Japan, 184
in United States, 186

Transplant, liver, intrahepatic abscess in (case report), 62
Tumors, calcified fibroids (Diagnostic Challenge), 65

Ultrasound, transrectal, of prostate, 1

Uropathy, obstructive, atypical presentation in fetus (case report), 12

Vena cava, in renal cell carcinoma, duplex sonography and Doppler evaluation (case report), 126

World Congress of Sonographers, Second
importance of (editorial), 189
keynote address, 163
